

PARTYPPL IS COMING TO IPHONE, MAC AND APPLE TV

The nightlife agenda for the Netherlands and Belgium, with your tickets, your friends and your group chats, soon in the App Store.

PartyPPL is the complete nightlife agenda for the Netherlands and Belgium: every club night and every festival, from techno to hardcore, with who is going, a group chat per party and tickets that work offline too. PartyPPL is a product of NEXG3N from Best, the Netherlands (Chamber of Commerce 97359866), and lives at partyppl.nl.

WHAT THE APP DOES

The whole agenda

Every club night and every festival in the Netherlands and Belgium, from techno to hardcore. Per day, on the map or by month.

I'm going, and who else

Say "I'm going" and your friends see it. You see which of your friends are going too.

A group chat per party

Meeting up, rides, who is where. Whether you join the chat is your choice.

Your ticket in Wallet

In Apple Wallet and on your Apple Watch. At the door it works without a signal too.

Widgets and Live Activity IPHONE APP

Tonight, this weekend and your next night on your home screen. On the night itself the time to the doors and who is playing now.

Wake me IPHONE APP

A real alarm half an hour before the doors or a quarter of an hour before a set, also when your phone is on silent.
